

Fall Into A Good Book by Jennifer Keats Curtis

On October 8, **Green** Author Jennifer Keats Curtis joins our students to share her passion for wildlife, research and writing. To celebrate our reading efforts and love of animals, Jennifer is offering signed copies of some of her favorite books, including those of her newest releases: **Baby Bear's Adoption** and **River Rescue**, at reduced prices. To purchase books, please return this form and payment to your child's teacher by **October 1**. Learn more about Jennifer at www.jenniferkeatscurtis.com, on Facebook, Green Author Jennifer Keats Curtis, and Twitter Jennifer K Curtis@JenniferKCurtis.

FICTION

Maryland's diamondback terrapin is laying eggs in sandboxes rather than on her usual nesting site—the beach. Based on the terrapin head-starting program that takes place in our state. *ASPCA Henry Bergh Finalist.*

Delight in the tale of a family who helps an owlet that has fallen out of his nest. Inspired by Maryland rehabilitator Kathy Woods, illustrator Laura Jacques received the *DaVinci Eye Award* for her stunning artwork.

NEW! Will Mama Bear adopt a baby that isn't hers? Based on Michigan's DNR program that places orphaned cubs with a new mom.

Follow citizen scientist Leena and dog Bobie as they assist with important research—counting horseshoe crabs. Co-authored with Dr. Neeti Bathala and based on a program that takes place in Maryland. *2018 NSTA/CBC Outstanding Science Trade Book.*

Follow the illustrated, photographic journal of a girl and her scientist dad through the spotted salamander's migration. *Commended read AAAS/Subaru SB&F Prize For Excellence in Science Bank Street College Center for Children's Literature Best Books.*

Alexa and the children at her *escuela* have a special project: raising crocodiles. Based on a real program in Costa Rica, this book is co-authored with Nat Geo Wild's Dr. Brady Barr. *2017 NSTA/CBC Outstanding Science Trade Book.*

NONFICTION

Moving is difficult, but moving a sad elephant is even more difficult! Follow the true tale of Maggie, the elephant who once lived at the Alaska Zoo. *ILA - CBC Children's Choices Reading List*

Science doesn't always happen in a lab; just ask *The Lizard Lady!* Learn how herpetologist Dr. Nicole Angeli is saving a lizard from extinction!

What happens to exotic pets when owners can no longer care for them? Go "behind the scenes" to learn more. *NSTA Recommended.*

When wild animals get sick or hurt, wildlife rehabilitators come to the rescue. *Kansas State Reading Circle Catalog of Best Books.*

Go behind the scenes with these animal helpers, including those at our beloved Maryland Zoo. *NSTA Recommended.*

Stay dry while visiting aquatic animals from around the world, including those that reside at our own National Aquarium). *NSTA Recommended.*

Even powerful birds of prey can get sick or hurt. Learn how raptor experts rescue and treat these injured, sick, and orphaned birds. *NSTA Recommended. Kansas State Reading Circle Catalog of Best Books.*

Gorillas using iPads, lemurs finger painting, squirrel monkeys blowing bubbles...primates are smart! *NSTA recommended. Bank Street College Center for Children's Literature Best Books of 2016.*

Follow the rescue of an orphaned polar bear to his new home. *Children's Choice Book Award winner. Children's eBook Award bronze award.*

After a huge wildfire roared through Alaska, firefighters rushed in to rescue a pack of baby wolves. *NSTA recommended.*

NEW! When oil spills, Delaware-based Tri-State Bird Rescue & Research experts rush to the scene to capture oiled animals and treat them quickly and safely so that they may be returned to the wild.
